Bulbs for spring planting

TWELVE SUPERB GLADS

Fancy glads, 12 of Kirk's choicest and best gladiolus bulbs, all done up in individual bonbon wraps and labeled in colors corresponding to the color of the blooms. Each one a prize-winning variety. Attractively gift packaged.

Postpaid in the U.S. \$2.50

PRIZE-WINNING BEGONIAS

The best six colors of giant sized flowers is your reward in these Tuberous Begonias. Start them indoors early in the spring in rich soil mixed with peat moss, transplant in your window box or garden when the weather is warm. Shady area is suggested for these most beautiful of all flowering plants. A delightful surprise awaits you when you have a begonia patch this summer. A box of six fine assorted colors.

Postpaid in the U. S. Only \$2.00

BEAUTIFUL, HARDY LILIES

Four exhibition varieties, one each *Rubrum*, *Auratum*, *Henryi*, and *Tigrinum*. Plant lilies where the soil around roots will be somewhat shaded and the flowers can enjoy the bright sunshine. In among the shrubbery would be the ideal spot. Any rich soil will be all right but the area should be well-drained. We suggest that bulbs be started in pots indoors and transplanted outdoors later in the Spring. You'll be thrilled with the enchanting fragrance of these handsome flowers. Beautifully gift wrapped.

Postpaid in the U. S. \$2.50
